Sabi Launches an AI Chief of Staff for Small-Business Founders Who Run Their Companies by Text Message

SAN DIEGO, Calif. — August 22, 2026 — Sabi today opened its founder waitlist for a new kind of AI personal assistant: an AI chief of staff built for small-business founders who want to delegate real work over a simple text message instead of learning another complicated software. Unlike reactive AI chat tools, Sabi is a proactive AI execu...

Placed on outlets your customers already trust.

Trust is borrowed. When your brand appears on the news sites people already read, that credibility transfers to you.

- **Real editorial outlets.** National and regional publishers, not link farms.
- **Measured, not estimated.** Every metric here comes from a live measurement, dated Aug 26, 2026.
- **Independently verifiable.** Every article link is live and clickable.
